Published Conference Abstracts (158-230)

158. Asea, A., Calderwood SK. The chaperokine effect of Hsp70. International Symposium on Heat Shock Proteins in Biology and Medicine, November 6, 2000, Woods Hole, MA
159. Asea, A., Calderwood SK. Extracellular Hsp70 a chaperokine. 8th International Congress of Hyperthermic Oncology, April 26-29, 2000, Kyông-Ju, South Korea
160. Asea, A. Role of Toll-Like Receptors in Hsp70-induced signaling. 3rd International Workshop Molecular Biology of Stress Responses. October 9-13, 2001, Mendoza, Argentina
161. Asea, A. Potential mechanism for hyperthermia-induced tumor killing. European Society for Hyperthermic Oncology. May 30-June 2, 2001, Verona, Italy
162. Asea, A. Chaperokine-induced hyperthermia-mediated tumor killing. Annual Meeting of the Radiation Research Society and North American Hyperthermia Society, April 21-26, 2001, San Juan, Puerto Rico
163. Asea, A. Flavonoids, polysaccharides and HSP as mediators of anti-tumor responses. Tumor Immunity Workshop. Javeriana University, July 29-August 5, 2002, Bogotá, Colombia

164. Asea, A. Mechanisms of hyperthermia to enhance tumor immunogeneity. German Congress for Radiation Oncology, June 28-July 2, 2002, Berlin, Germany
165. Asea, A. Active release of heat shock proteins from tumors: role of chaperokine in hyperthermia-induced tumor killing. IInd International Symposium on Heat Shock Proteins in Biology and Medicine, Cell Stress and Chaperone Society and the North American Hyperthermia Society, September 10-14, 2003, Quebec City, Quebec, Canada
166. Asea, A. Signal transduction pathways activated by chaperokine. 6th International Society of Exercise and Immunology (ISEI), July 17-19, 2003, Copenhagen, Denmark
167. Asea, A. Stress-induced release of Hsc70 from human tumors. 21st Annual Meeting of the European Society for Hyperthermic Oncology (ESHO), June 4-7, 2003, Munich, Germany
168. Asea, A. Innate immunity and its value to biodefense. Department of Defense, National Defense University, November 10, 2004, Washington, DC
169. Asea, A. Role of heat shock proteins in innate immunity. Defense Advanced Research Projects Agency (DARPA) Endogenous Defense Workshop, Department of Defense, July 13-15, 2004, Fairfax, VA
170. Tesar, B.M., Asea, A., Goldstein, D.R. Aging leads to impaired upregulation of ICOS in response to allostimulation. J. Heart Lung Transpl. Volume 24, Issue 2, Supplement, February 2005, Pages S50
171. Asea, A. Role of heat shock proteins in biology and medicine" 1st Annual Cardiovascular Research Institute Retreat, Texas A&M Health Science Center College of Medicine, Baylor Scott & White Hospital, Central Texas Veterans Health Care System, October 27-28, 2005, Temple, TX
172. Asea, A. Active release of Hsp70 from cells. 2nd International Congress on Stress Response, September 22-29, 2005, Tomar, Portugal
173. Asea, A. Stress proteins and initiation of the immune system. 7th International Society of Exercise and Immunology (ISEI), September 15-17, 2005, Monte Carlo, Monaco
174. Asea, A. Molecular and cell biology of Hsp70. 2nd Annual Integrative Neural Immune Program (INIP) NIMH/NIH Biodefense Workshop on Neural & Neuroendocrine Host Factors in Shock and Immune Tissue Damage: Implications for Biodefense Treatment Strategies, January 31, 2006, Bethesda MD
175. Asea, A. Chaperokine and neurodegeneration. International Symposium on Environmental Factors, Cellular Stress and Evolution, Banaras Hindu University, October 13-15, 2006, Varanasi, India
176. Asea, A. Role of Hsp70 in SMA. IIIrd International Symposium on Heat Shock Proteins in Biology and Medicine in association with the European Society for Hyperthermia Oncology (ESHO) May 24-27, 2006, Berlin, Germany
177. Asea, A. Chaperokine comes of age. 5th International Workshop on the Molecular Biology of Stress Responses, March 21-26, 2006, Concepción, Chile
178. Asea, A. HSP release: passive versus active release mechanisms. 3rd International Congress on Stress Responses in Biology and Medicine and 2nd International Congress of Stress Research, August 23-26, 2007 Budapest, Hungary
179. Asea, A. HSP70: a chaperokine. The Novartis Foundation Symposium, June 5-7, 2007, London, United Kingdom
180. Nagaraja, G.M., Kaur, P., Asea, A. Hsp27 and cancer growth. IVth International Symposium on Heat Shock Proteins in Biology and Medicine in association with the Cell Stress Society International (CSSI), November 3-6, 2008, Woods Hole, MA
181. Nagaraja, G.M., Kaur, P., Asea, A. Role of Hsp27 in cancer growth and metastasis. 10th International Congress on Hyperthermic Oncology April 9-12, 2008, Munich, Germany

182. Asea, A. Heat shock proteins in biology and medicine. 6th International Workshop on the Molecular Biology of Stress Responses, March 25-29, 2008, Bangkok, Thailand
183. Hurwitz, M.D., Zheng, H., Nagaraja, G.M., Bausero, M.A., Manola, J., Kaur, P., Asea, A. Radiation therapy induces circulating serum heat shock proteins in prostate cancer patients: clinical findings and laboratory correlates. Volume 72, Issue 1, Supplement, 1 September 2008, Pages S63
184. Panossian, A., Wikman, G., Kaur, P., Asea, A. Adaptogens as mitigators of radiation-induced tissue damage. 57th International Congress & Annual Meeting of the Society for Medicinal Plant Research August 16-21, 2009, Universitè Genève, Genève, Switzerland
185. Nagaraja, G.M., Kaur, P., Asea, A. Use of heat shock proteins for therapeutic gain. 25th Annual Meeting of the European Society for Hyperthermia Oncology (ESHO), June 4–6, 2009, Verona, Italy
186. Panossian, A., Wikman, G., Kaur, P., Asea, A. Molecular chaperons mediated pathways of stress protective and anti-aging effects of adaptogens. Planta Med 2009; 75 - SL7. DOI: 10.1055/s-0029-1234262
187. Nagaraja, G.M., Kaur, P., Asea, A. Role of Hsp27 in Cancer Growth and Metastasis. Society of Thermal Medicine Annual Meeting, April 3-7, 2009, Tucson, AR
188. Asea, A. Career development and the unwritten rules of academia. 12th RCMI International Symposium on Health Disparities – Bridging the Gap between Disparity and Equity, December 6-9, 2010, Nashville, TN
189. Nagaraja, G.M., Kaur, P., Asea, A. Targeting Hsp27 for therapeutic gain. Vth International Symposium on Heat Shock Proteins in Biology and Medicine in association with the Cell Stress Society International (CSSI), November 7-11, 2010, Marine Biological Laboratories (MBL) Woods Hole, MA
190. Kaur, P., Asea, A. Extracellular heat shock proteins. Cell Stress Society International (CSSI), November 6, 2010, Boston, MA
191. Kaur, P., Nagaraja, G.M., Hurwitz, M.D., Asea, A. Radiation Therapy Induces Circulating Serum Hsp72 in Patients with Prostate Cancer. 1st Biennial Science of Global Prostate Cancer Disparities (GPC) Conference, August 27-29, 2010, Jacksonville, FL
192. Singh, N.K., Kaur, P., Rao, P., Asea, A. Role of heat shock proteins in neurodegenerative disorders. Neuro Talk 2010: From Nervous Functions to Treatment. June 25-28, 2010, Singapore.
193. Nagaraja, G.M., Kaur, P., Asea, A. Hsp27 and tumor suppressor genes. Society for Thermal Medicine Annual Conference, April 23-26, 2010, Clearwater, FL
194. Kaur, P., Neumann, W., Asea, E., Nagaraja, G., Asea, A. Role of proteasome activators in the inhibition breast tumors and suppression of metastasis. Cancer Res 2010;70(24 Suppl): Abstract nr P6-15-11.
195. Pradeep, A., Kaur, P., Bempong, P., Lillard, S., Asea, A. Nucleolin as an Intracellular Transporter of Hsp72. Cancer Res 2010;70(24 Suppl): Abstract nr P6-08-08
196. Panossian, A., Wikman, G., Kaur, P., Asea, A. Adaptogens stimulate molecular chaperone Hsp70 expression in neuroglia cells. 59th International Congress and Annual Meeting of the Society for Medicinal Plant and Natural Product Research, September 4-9, 2011, Antalya, Turkey
197. Kaur, P., Asea, A. Heat shock protein-based anti-breast cancer drugs. 2nd Conference Hosted by the Breast Cancer Initiative East Africa, June 15-18, Kigali, Rwanda
198. Nagaraja, G.M., Kaur, P., Multhoff, G., Asea, A. Targeting Hsp27 in breast cancer tumors using combined lentivirus-RNAi technology. 27th Annual Meeting of European Society for Hyperthermic Oncology (ESHO), May 26-28, 2011, Aarhus, Denmark

199. Rosas, P., Kaur, P., Nagaraja, G.M., Garcia, G., Asea, A. Role of heat shock proteins in the prevention of amylin aggregation in Type 2 Diabetes Mellitus. Society for Thermal Medicine Annual Conference, April 29-May 2, 2011, New Orleans, LA
200. Nagaraja, G.M., Kaur, P., Asea, A. Modulation of anti-tumor effector mechanisms *via* Hsp27. Society for Thermal Medicine Annual Conference, April 29-May 2, 2011, New Orleans, LA
201. Kaur, P., Asea, A. Immunomolecular characteristics of triple-negative breast cancer stem cells: Role of Hsp72 containing exosomes. Cancer Prevention and Research Institute of Texas (CPRIT) Innovations in Cancer Prevention and Research Conference, November 15-17, 2011, Austin, TX
202. Nagaraja, G.M., Kaur, P., Asea, A. Targeting Hsp27 in breast cancer tumors using combined Lentivirus-RNAi technology. Cancer Prevention and Research Institute of Texas (CPRIT) Innovations in Cancer Prevention and Research Conference, November 15-17, 2011, Austin, TX
203. Kaur, P., Asea, A. Determining the characteristics of triple-negative breast cancer tumor-initiating cells. Society for Thermal Medicine (STM) Annual Meeting, April 13–16, 2012, Portland, Oregon
204. Nagaraja, G.M., Kaur, P., Asea, A. Hsp27 is a repressor of proteasome function. Society for Thermal Medicine (STM) Annual Meeting, April 13–16, 2012, Portland, Oregon
205. Kaur, P., Asea, E.E., Asea, A. Role for Circulating Hsp72 in Hyperthermia-Induced Tumor Regression. International Society for Extracellular Vesicles (ISEV), April 18-21 2012, Gothenburg, Sweden
206. Kaur, P., Asea, A. Immunomolecular Characteristics of Triple-Negative Breast Cancer Stem Cells, The 11th International Congress of Hyperthermic Oncology (ICHO) and the 29th Japanese Congress of Thermal Medicine (JCTM), August 28–31, 2012, Kyoto, Japan
207. Kaur, P., Nagaraja, G.M., Zheng, H., Gizachew, D., Galukande, M., Krishnan, S., Asea, A. Immunomolecular Characterization of Triple-negative Breast Cancer Stem Cells, 13th RCMI International Symposium on Health Disparities Translating Science to Better Health: The Power of Diversity & Multicultural Engagement, December 10–13, 2012, San Juan, Puerto Rico
208. Kaur, P., Asea, A. Hsp72 Enters Early Endosomes Prior to Cell Release, Society for Thermal Medicine (STM) Meeting, April 17–21, 2013, Aruba
209. Kaur, P., Maurice, N., Kumar, P., Singh, N., Asea, A. New insights into the immmunobiology of triple-negative breast cancer stem cells. 28th Annual Conference of the European Society for Hyperthermia Oncology, June 19– 22, 2013, Munich, Germany
210. Kaur, P., Maurice, N., Singh, N., Galukande, M., Krishnan, S., Asea, A. A mouse model for triple-negative breast cancer stem cells (TNBC-CSC) exhibits an aggressive phenotype. Health Disparities Research Training Program (HDRTP) Summer Institute at the Emory Conference Center on July 23-24, 2013, Atlanta, GA
211. Kaur, P., Maurice, N., Asea, A. Use of adaptogens in the design of central nervous system (CNS) related disorders. VIth International Congress on Stress Proteins in Biology and Medicine, August 18–22, 2013, Sheffield, United Kingdom
212. Kaur P, Li X, Singh PK, Diagaradjane P, Galukande M, Krishnan S, Asea A. Immunobiology of Triple-Negative Breast Cancer Stem Cells (TNBC-CSC). VIIth International Symposium on Heat Shock Proteins in Biology and Medicine in association with the Cell Stress Society International (CSSI), November 1 - 5, 2014, Alexandria, VA
213. Asea, A. Development of heat shock protein-based anti-cancer drugs. 23rd International Conference on Targeting Cancer. February 14-21, 2015. Houston, Texas USA

214. Asea, A. Innovation and translational research & development: the future is here. 1st Annual Scientific Research Update 2015, University of Dammam, April 5-7, 2015. Dammam, Saudi Arabia
215. Kaur, P., Almasoud, N.N., Khamis, F.A., Al-Suhaimi, E., Al-Sulaiman, A., Asea, A. Triple-negative breast cancer stem cells (TNBC-CSC) exhibits an aggressive phenotype: role of HSPA1A-containing exosomes. 32nd Annual Meeting of the Society for Thermal Medicine. April 14-17, 2015. Orlando, FL USA
216. Rosas, P.C., Kaur, P., Almasoud, N.N., Khamis, F.A., Al-Suhaimi, E., Al-Sulaiman, A., Asea, A. A novel high throughput model to study islet amyloid aggregation and β-cell death in Type 2 Diabetes Mellitus: role of HSPA1A. 32nd Annual Meeting of the Society for Thermal Medicine. April 14-17, 2015. Orlando, FL USA
217. Kaur, P., Almasoud, N.N., Al-Khamis, F.A., Al-Suhaimi, E., Al-Sulaiman, A., Asea, A. Establishment of a novel stem cell-based triple-negative breast cancer model. 30th Annual Congress of the Tanta University Medical School. May 5-8, 2015. Tanta, Eygpt
218. Asea, A. Establishment a multifunctional stem cell bank: principles and practice. 30th Annual Congress of the Tanta University Medical School. May 5-8, 2015. Tanta, Eygpt
219. Kaur, P., Asea, A. Aggressive phenotype of triple-negative breast cancer stem cells (TNBC-CSC), International Conference on Transcriptomics. July 27-29, 2015, Orlando, FL
220. Rosas, P., Kaur, P., Asea, A. Use of high throughput model to study islet amyloid aggregation for Type 2 Diabetes Mellitus. 33rd Annual Meeting of the Society for Thermal Medicine. April 11-15, 2016. New Orleans, LA USA
221. Al-Khamis, A.F., Kaur, P., Asea, A. Role of T3 and T4 in vitamin B12 deficiency and onset of Multiple Sclerosis. 33rd Annual Meeting of the Society for Thermal Medicine. April 11-15, 2016. New Orleans, LA USA
222. Kaur, P., Asea, A. Role on stress pathways in reversing nanomaterial-induced cell death in human alveolar epithelial cells. Third International Environmental Forum (TUEF-2016), July 12-14, 2016. Tanta, Egypt
223. Kaur, P., Asea, A. Effect of Hsp27 and Hsp70 inhibition in triple-negative breast cancer. Seventh International Symposium on Heat Shock Proteins in Biology and Medicine in association with Cell Stress Society International, November 2–6, 2016. Alexandria, Virginia, USA
224. Kaur, P., Asea, A. Imaging proteogenomics for biomarker discovery. 34th Annual Society for Thermal Medicine Conference. May 5-11, 2018 Westin La Paloma Resort, Tucson, AZ
225. Kaur, P., Asea, A. Proteogenomic identification of Hsp27 in cancer growth and metastasis. 35th Annual Society for Thermal Medicine Conference. May 5-11, 2018 Westin La Paloma Resort, Tucson, AZ
226. Kaur, P., Asea, A. Precision medicine and the proteogenomic platform" IXth International Symposium on Heat Shock Proteins in Biology and Medicine in association with Cell Stress Society International (CSSI), November 2–6, 2018. Alexandria, Virginia, USA
